FAQ'S

IS 1X OR 2X PER MONTH ENOUGH?

With guidance from a tutor or therapist, you can work with your child daily and achieve great success. We coach parents in how to teach their own children! Many of our out of town families see the benefits from even 2-3 visits per school term.

CAN MY FRIEND BRING HER CHILD, WHO DOES NOT HAVE DOWN SYNDROME, TO PREP FOR THERAPY?

Yes, other families are welcome but spots are limited.

WHY DO PARENTS SIT IN ON INDIVIDUAL SESSIONS?

In a 1-1 session parents learn how to identify achievable goals and effective strategies that work for you and your child. When you leave you know what to do at home!
